Its a fact: The Internet is like a giant minefield when it comes to finding a real opportunity to make money. You SHOULD be skeptical.

At SFI, we're not going to insult your intelligence with promises of riches overnight. That just doesn't happen. But with **\$4 TRILLION in online sales projected in 2020** alone, there WILL be plenty of money made in the coming years working with companies like ours.

So consider the following...and then consider joining our leading international marketing team. We'd love to work with you.

1. OVER THREE DECADES OF SERVING ENTREPRENEURS

SFI is in its 21st year. Our parent company, Carson Services, Inc., is in its 34th year. We've been serving entrepreneurs for over three *decades*! No company lasts that long that isn't doing right by its customers and associates. Indeed, *SFI has thousands of affiliates far into their second decade with us--because SFI works and they're making money.*

3. WE DON'T WANT YOUR MONEY!

Our competitors almost all require a purchase upfront or ongoing monthly fees. Why? Because they know full well that, if they don't, they'll never get any money out of you. At SFI, there are NEVER any purchase requirements. SFI is about teaching you how to MAKE money, *not spend it*. And ONLY when you make money, will *WE* make money. That means that we're going to do *everything in our power* to make sure you become successful...because we're successful ONLY if our affiliates are.
